

Can you bill all types of claims ?

Sunday, 18 October 2009 14:01 - Last revised Monday, 19 October 2009

PC Solutions software started in 1982 creating software for billing Durable Medical Equipment claims for Home Medical providers (suppliers). Today we can bill claims for any type of Physican claim or Home Medical claim as long as they are considered Professional 1500 form type claims. They are called 1500 form claims , but that is a legacy term as claims are really filed electronically using the HIPPA approved 837 ansi format.

We do not bill, Dental or Inpatient facility claims.
