

## **Can I bill insurance companies directly using your software?**

Sunday, 18 October 2009 08:42 - Last revised Sunday, 18 October 2009

---

Sorry, no.

All claims are entered into our software (DMEFreeWeb, DMEFree or DMEFreePlus) you then transmit them to our clearinghouse for editing, plan level checking and forwarding to the payer.

We only charge you for claims that are sent to the payer, ie passed all front end edits.
